River Scholars Workshops

Harvest to Harbour

October 16 & 19, 2026

Follow the journey of grain from farm to harbour! Explore the important role farming, ships, and local ports play in moving Canadian grain from our communities to destinations around the world.

All Aboard: CHOO CHOO!

December 4 & 7, 2026

All aboard! Explore Brockville's railway history, discover Canada's first railway tunnel, and investigate the keystone structures and engineering that helped keep the railway moving.

Reel Adventures

April 26 & 30, 2027

Dive into the world of local fish! Become junior fish biologists as they identify different species, take measurements, compare their features, and discover what these fish can tell us about our local waterways.

**Recommended

before session

RIVER SCHOLARS

2026-2027

**Curious Minds. Hands-on Learning
New Adventures!**

River Scholars is a learning series created for those looking for additional educational experiences. Designed for curious learners ages 6-12, each program brings learning to life through hands-on activities, interactive challenges, and exploration of the science, wildlife, history, and communities of the St. Lawrence River region. Join us throughout the school year to discover something new, meet other families, and turn curiosity into adventure!

How to Book

REGISTRATION OPENS

Registration opens before each River Scholars program. (1 week prior to each session)

SPACE IS LIMITED

Space is limited to 15 participants per workshop, with a minimum of 7 participants required for the session to run.

REGISTER ONLINE

Visit the Aquatarium website to submit your registration. Our Education Team will follow up to confirm your spot and provide payment information.
